

WHAT IS eyeplan?

eyeplan is a comprehensive eyecare package designed to provide you with all your optical needs at an affordable price.

In return for a small monthly fee of £6.50, eyeplan membership assures you of a range of valuable benefits such as:

- Significant reductions on all spectacles, sunglasses, contact lenses and accessories.
- There is no limit to the number of purchases you can make as a member.
- Accidental Damage Cover is automatically given to spectacles bought with eyeplan.
- Discounted monthly payments for family memberships.
- You can spread the cost of your new spectacles with no added interest.
- Unlimited free eye examinations, including any additional tests deemed necessary, using the latest technology.

LOW COST EYEWEAR

As an eyeplan member you can purchase as many pairs of spectacles and sunglasses as you want at the special eyeplan prices.

All spectacle frames are individually reduced by between 25% and 40%.

Marc Jacobs Normal cost £172
eyeplan cost £120

Vanni Normal cost £139
eyeplan cost £89.00

Pierre Cardin Normal cost £112
eyeplan cost £71.00

Max Mara Normal cost £135
eyeplan cost £ 86.50

All spectacle LENSES are reduced in a tiered manner;

30% in year 1

35% in year 2

40% in year 3 and thereafter

Here are some examples of lens costs :

Lens Type	Normal Cost	Eyeplan Year 1	Eyeplan Year 2	Eyeplan Year 3
Standard Single Vision	from £49.50	£34.50	£32.00	£29.50
Standard Bifocals	from £78.00	£55.00	£51.00	£47.00
Standard Varifocals	from £95.00	£66.50	£61.50	£57.00
Thin Varifocals	from £180.00	£126.00	£117.00	£108.00

eyeplan reductions also extend to contact lenses, solutions, eye-drops and accessories.

ACCIDENTAL DAMAGE COVER

When you purchase a pair of spectacles or prescription sunglasses as an **eyeplan** member, they are automatically covered against any accidental damage for a period of 2 years. There is a small excess charge

dependant on the nature of the repair, and this should not exceed 15% of the total price originally paid.

**Example Original price on eyeplan = £200
15% = £ 30**

i.e. It will cost no more than £30 to repair the damaged spectacles.

The Accidental Damage Scheme does not cover loss of spectacles. Many people do claim for lost spectacles on their own personal insurance policies, however, you would of course receive the special **eyeplan** prices on a replacement pair.

FAMILY MEMBERSHIP

The benefits of **eyeplan** need not stop with yourself. Additional family members can enjoy the same benefits at special monthly prices.

- **Individual eyeplan Membership**
£6.50 per month
- **Family eyeplan 2**
(two family members)
£11.50 per month
- **Family eyeplan 3**
(three family members)
£16.00 per month

SPREADING THE COST

eyeplan not only allows you to purchase spectacles at a lower price, it can also be used as a way of spreading the cost. This can be set up whether you are an existing member or just joining **eyeplan**. There is no interest added on to the price and you can choose between 6 or 12 months for the term. The cost is simply divided up equally and added onto your monthly membership fee, and will revert back to the membership fee when the spectacles payment is completed.

DOES THE NHS NOT PAY FOR MY EYECARE?

Up to a point it does but with restrictions. There are strict guidelines on the frequency of NHS eye examinations - usually every 2 years. **eyeplan** is designed to be a comprehensive package of enhanced eyecare, ultra-competitive spectacle pricing and including cover for accidental spectacle damage.

HOW DO I JOIN **eyeplan**?

Application forms can be completed on request, and you will enjoy the benefits of **eyeplan** immediately.

eyeplan is now established across the UK in independent practices devoted to a high level of eyecare.

If you have any further questions, your optometrist or dispensing optician will be happy to answer them.
